Our curriculum, enrichment programme and student experience days, help ensure our pupils learn, thrive and make progress. We are committed to preparing and supporting our pupils to go on to pursue careers they are passionate about, contributing positively to society and living happy, healthy and fulfilled lives.

Our school community works hard to ensure our values of being **respectful**, **curious** and **persevering** underpin our work and are upheld by us all.

We know that all children can and will achieve success and our dedicated staff work hard to nurture, support and provide challenge, to make this a reality. We welcome and value the input of carers and parents; together, we work hard to help realise the dreams and ambitions of our children and their families.

Managing our staff is one of my favourite parts of Headship, and I believe that strengthening interpersonal relationships between staff is exceptionally important. With that in mind, please do arrange some time to speak with me about this vital role in the school.

Mr Laurence Cole, Head of School

Being part of the Ark network

Ark is an international charity, transforming lives through education. We exist to make sure that every child, regardless of background, has access to a great education and real choices in life. We know that great schools need great teachers, which is why we offer you the very best training and support at every stage of your career - from starting out as a trainee to running your own school.

Our highly-successful network of 39 schools educates over 20,000 students across Birmingham, Hastings, London and Portsmouth. They are achieving some of the best results in the country despite being largely in areas of historic academic underachievement.

Ark schools prioritise six key principles: high expectations; excellent teaching; exemplary behaviour; depth before breadth; more time for learning; knowing every child.

Ark invests significantly in a number of professional development programmes which complement academy level training:

- The Ark training menu: we have developed a bespoke training menu, which is accessible by all staff in the network offering a wide range of training modules to staff in all roles
- Network support: schools share CPD, allowing us to share best practice and role specific training across the network, facilitated by in-school and central staff
- Ark staff receive 10 training days each year rather than five creating time to collaborate with subject specialists within each school and across the network

Ark is at the forefront of changing education society through education. You can read more about how Ark is transforming lives through education [here](#).
